

Title:

DPDS, Where Are They Now?

Who:

Will Christie

Kylee Budai

Paul Laliberte

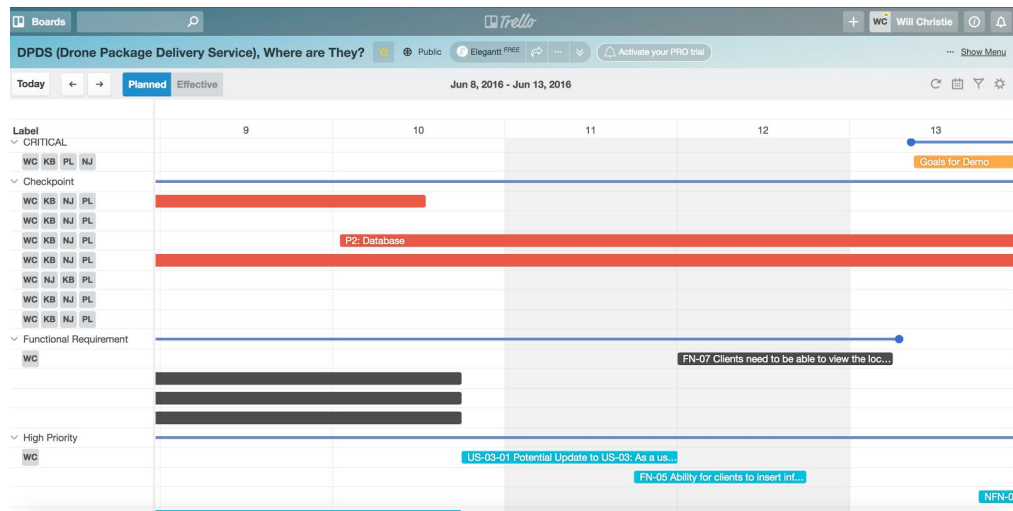

Nicholas Johnston

Project Tracker: Trello

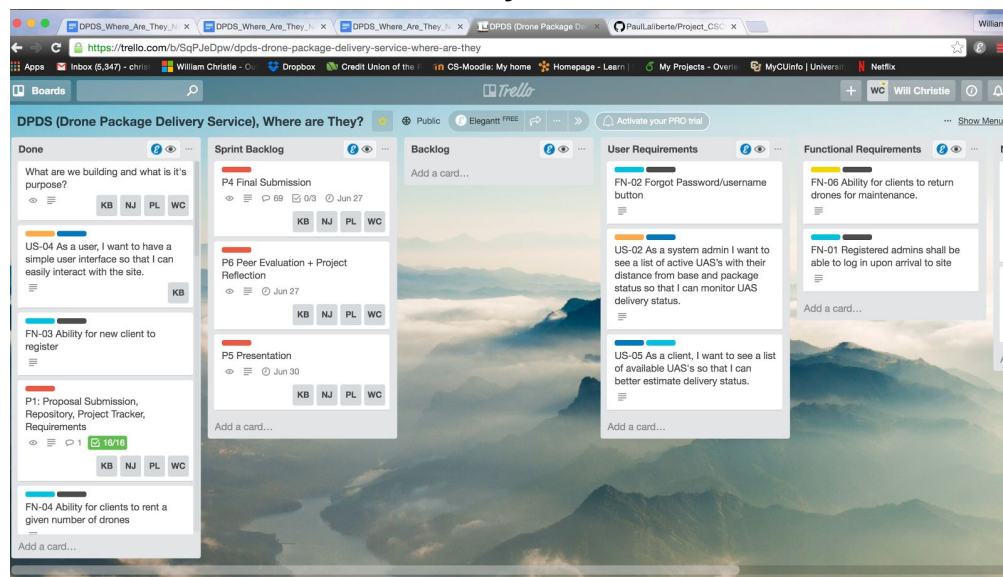

Link: [DPDS](#)

Screenshots:

-Sample of Gantt Project Calendar using Elegantt plugin

-DPDS Where Are They Now? Trello Board as of 6/26/16

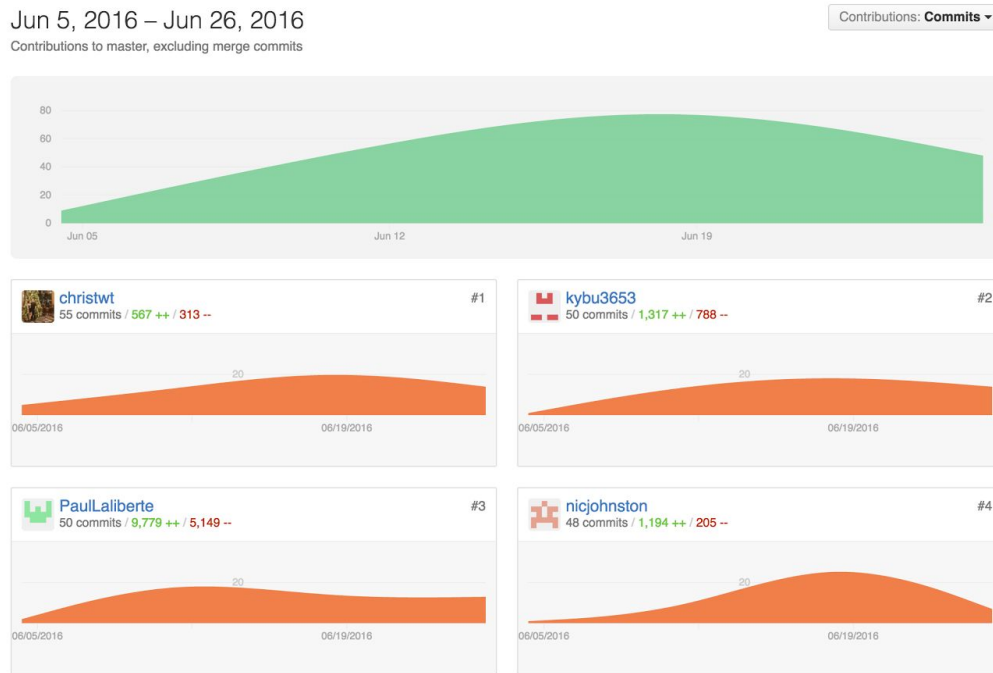

Video Link: <https://www.youtube.com/watch?v=PbOuYbiYT5Q>

--Please note that although the all video settings match youtube specifications, audio does not play correctly. Recommend to download the movie in quicktime player in order to hear audio.

VCS: Github

Link: [DPDS Where Are They Now?](#)

Screenshots of GitHub Commits: as of 6/26/16 5:50 pm

Deployment:

1. Make sure required packages are installed: `$ sudo apt get install php-cli php*mysql`
2. To view page:
 - a. Launch the server with the following command in the web/php/ directory: `$ php -S localhost:8080`
 - b. Copy `http://localhost:8080` and paste into browser.
 - c. If you would like to login as a demo user to view base features: Username: WTC
Password: password

Navigation:

1. /Project_CSCI3308 --> contains all pertinent project submission documents.

2. /Project_CSCI3308/web/php --> contains:

- a. Doxygen Auto Documentor Files
- b. Automated Tests
- c. Source Code(.php & .csv)

*Important Note:/Project_CSCI3308/web/flask_inactive contains flask web frame work and initial .html files which were transitioned to .php files. They show the initial start of the project and nothing more.
